They have 10 core principles based on those established by Mondragon Industrial Cooperatives in Spain.	5/8/22

[1] When the idea came to be/organization started gathering the founding date

[2] When the information was last updated

[3] But according to Kate Sumberg, who is CoMetrics' secretary, CoMetrics morphed as a worker co-op from the previous co-op "Community Consulting Group Cooperative", so the transition was pretty quick. According to OpenCorperate, CCGC's inception date was 2003.

[4] @ The Wellspring Bootcamp

[5] After 1 year of working, employees are eligible for worker ownership.

[6] If you haven't worked with them before, please get in touch through the form here: <https://techcollective.com/contact>.
